of the Year

# Wedding Packages

Have you been to a wedding in the past & thought there may be something missing? Someone to directly engage with guests while people are standing around. If the answer is yes, then why not book Adam to interact with your family and friends!

Adam will astound your family & friends with his high-quality sleight of hand card magic, humour & skill whilst mingling between the guests throughout your day. Can you remember a wedding you went to & remembered what the cake looked like? What the decor looked like? **No.....** But can you remember the entertainment they had? **Yes....** Your guests will remember being entertained for many years to come - for all the right reasons.

## **Package 1 – Photos | Drinks Reception - £450**

**(Up to 2 hours)** Guideline timings

Close up magic at your drinks reception whilst your having photos taken is a great time to have Adam entertain you friends and family.

It fills in the gaps whilst your guests are standing around waiting to have their photos taken. Adam will mix & mingle by bringing groups of people together that hardly know one another, this is a great ice breaker & will keep everyone baffled, amazed & wanting more.

## **Package 2 - Drinks Reception & Wedding Breakfast - £575**

**(Up to 3 hours)** Guideline timings

After performing magic to your family and friends during the drink's reception, why not carry that over so Adam can perform amazing mind-blowing table magic between the courses during your wedding breakfast. Again, this is a great ice breaker for those that are seated next to people they don't know.

## **Package 3 - The Extender - £895**

**(Up to 5 hours)**

Add the extra slice of magic to your whole magical day. With this package you get magic during your drink's reception, your wedding breakfast & extend into the beginning of your evening celebrations so that your extra guests can enjoy the fun too.

It would be great that your evening guests get to see the magic like your day guests did, as many people arriving for the party may not know your day guests & this helps everyone relax, enjoy & become friends ready for everyone to party the night away.

# Testimonials

"We have used Adam now on three occasions, a cabaret, a New Year's Eve event and a wedding. On each occasion he has amazed his audiences and is so friendly and personable, he ensures everyone has a good time.

I would have absolutely no hesitation in recommending Adam to provide amazing magic at any event"

- Yvonne and Paul Gravely

"I used Adam to entertain guests at 3 weddings, he arrived on time and performed his magic to our guests. They were amazed! He is brilliant at what he does, I would recommend anyone to use him.

- Sandra Slac

"I will give Adam a 5\* review and if there were more stars, I would give him them too! Right from the start it was easy to go through the process of booking Adam and communication with you throughout the whole experience has been easy. We have never had an entertainer at any of our parties, so this was all a first for us and you made the everything easy for us and we loved your advice as to the timing of the day. Adam mingled with the guests at the beginning doing his magic tricks and he was so easy to talk to. He went around all the tables whilst we waited for food to be served and his timing was great. Then after the speeches and cake he did a mini show that was brilliant. Such value for money and such a great man. I can thoroughly recommend him. All our guests commented on what a great choice Adam was for our entertainment and we all left still pondering however he did his tricks. I have one word for Adam .....MAGICAL."

- Robert and Jules Penn

"We were lucky enough to book Adam for our wedding.

His close-up magic is truly amazing and had our wedding guests speaking about it for weeks afterwards. We have also seen Adam's shows since then - like everyone else in the audience, we were spellbound! A truly talented magician at the very top of his game"

- Lisa Sewell

Just wanted to say that apart from the actual ceremony (obviously) Adam was the highlight of the day. Thank you for being brilliant!

He was fantastic with all the guests even the groupies who followed him around all night (including Gary!).

We would really like to do a magic lesson with Adam at some point so now all the wedding planning is out the way hopefully I can book something.

- Mr and Mrs Ead

# Frequently asked questions

## Which Areas Do You Travel?

As a full time, Professional Magician I travel all around the UK and have also performed abroad so there is no boundary of where I will travel. If you are wanting to book me further afield then the client would have to pay travel and stay over expenses.

## What Type of Magic Do You Perform?

I specialise in Close-up, Sleight of hand and table magic, but I also perform Mentalism, Rope Magic etc and can do full on shows or mini shows if needed.

I can perform for a small group or a very large gathering for many different types of events.

## How Much Does A Magician Cost?

All magicians are different in price, I strongly believe that you book a Magician not based on price but based on the Magician themselves. I am not a magician that has been doing this for a short period of time, I have been doing this as a full-time job for many years and still practise 6 hours a day. I have put a lot of time and effort into making my routines and performances spot on, so that I can make my clients event a truly magical and entertaining one that will be spoken about for a long time afterwards for all the right reasons. You're not just paying for the magic, you're paying for my reputation, skill, personality and much more....

## How Much Deposit Do You Require?

The deposit I require is £100 which secures your date, then the outstanding amount is due 1 week before your event. I can also do a payment plan with you to spread the cost to make it easier for you.

## Can We See You Performing Magic Before We Book?

The answer is yes you can, but it does depend on where you are based. If local to me then I will come to you to demo some stuff, have a chat about your event and what you would like. I am also very busy, so sometimes it may not be possible, but you can check out the Wedding fairs I will be attending which are located on my website under 'WEDDING FAIRS & EVENTS'

## What Is the Best Time to Book A Magician to Perform at Your Wedding?

I can bespoke your magical day around you – so feel free to contact me to discuss your preferences.
